

Hopkinsville Kentuckian.

VOL. XXIX.

HOPKINSVILLE, KENTUCKY, TUESDAY, OCTOBER 15, 1907.

No. 124.

I. C. WRECK AT GRACEY.

Open Switch Causes Serious
Derailment of Passenger
Train.

THREE PEOPLE HURT.

Conductor H. C. Nelson's In-
juries Very Serious, In-
cluding Skull Fracture.

Illinois Central passenger train No. 382, which leaves this city at 6 o'clock a. m., ran into an open switch at Gracey Saturday morning and was wrecked. Three people were injured, several box cars on the siding were torn up and the passenger engine considerably damaged.

Conductor H. C. Nelson, whose home is in Evansville, was standing in the smoker when the crash came and was thrown violently to the floor of the car. His head struck a seat as he fell and he received a serious cut and sustained a fracture of the skull.

James W. Green, of Mayfield, who travels for a St. Louis hardware house, was badly bruised about the body and one leg was injured.

Mrs. Hennie Boyd, who resides a few miles north of this city, received a cut on her lower lip. Mrs. Boyd was enroute to Cartersville, Ill., on arrival.

A coach of the wrecked train was attached to the engine of the Cadiz train, which was standing near the depot when the accident occurred, and the injured were immediately brought here. They were taken to the Rich House and Dr. H. H. Wallace rendered the necessary surgical aid.

At 11:20 the same morning Capt. Nelson was sent to the railroad company's hospital at Paducah and Mr. Green left for his home in Mayfield. Mrs. Boyd also went to her home in the country.

DUFFY IN CALLOWAY

Addressed a Good Crowd at
Hazel, Saturday.

Hon. John C. Duffy made a speech at Hazel, Calloway county, Saturday, in the interest of the Democratic ticket. A good crowd was present.

CARDS OUT

Announcing the Approaching
Marriage of Former Hop-
kinsville Woman.

Mr. and Mrs. H. F. McCamy, of Princeton, formerly of this city, have issued invitations to the marriage of their youngest daughter, Katharine B. McCamy, to John L. Wilkes, which will take place in the Methodist church at Princeton, Wednesday, Oct. 23, at high noon. Mr. Wilkes is chief train dispatcher of the I. C. Road at Princeton.

GINSENG GARDEN

In Simpson County, Will
Yield Big Crop This
Year.

Franklin, Ky., Oct. 14.—A few years ago Dr. O. G. Wilson, of this place, tried the experiment of raising ginseng. This year he will gather three quarters of a million seeds, which he will market next fall. The garden is 60x250 feet, and is so covered that about 80 per cent. of shade shelters the plants. Dr. Wilson is thoroughly versed in the culture of ginseng, and has contributed valuable articles to journals published exclusively in the interest of the "Chinese medicine."

INSTITUTE TO-MORROW.

Farmers Have Important
Meeting at Church Hill
This Week.

THREE INSTRUCTORS.

Program Includes Many In-
teresting Discussions By
The Grangers.

The Christian County Farmers' Institute for 1907 will be held at Church Hill Grange Hall, to-morrow and next day. It will be under the direction of Chas. McIntire, of Chartersville, O., L. G. Spencer, Warren, O. and S. E. Strode, Pennsylvania, O., who have charge of the Institute work for this district. The institute work of the Agricultural Department is in charge of fifteen workers, five from Kentucky. Two of these Directors are from Christian county, R. C. Crenshaw and J. B. Walker, who have been assigned to work in eastern districts. The meeting here will be an important one. The program follows.

WEDNESDAY MORNING.

Invocation—Dr. J. D. Clardy.
Address of Welcome—A. H. Wallace.

Response—Chas. McIntire.
"Improving the Corn Crop"—L. G. Spencer.

AFTERNOON.

"The Apple Orchard Planting and Growing"—S. E. Strode and R. C. Gary.

"Profitable Classes of Horses for the Farmers to Produce"—Chas. McIntire, Jno. J. VanCleave and J. W. Riley.

"Swine Growing for Profit"—L. G. Spencer, W. H. Adams and A. H. Wallace.

THURSDAY OCT. 17.

MORNING.

"Plant Food From Lignumes, Manure and Commercial Fertilizers"—S. E. Strode and J. W. Ford.

"Shall We Grow Alfalfa"—L. G. Spencer and Dr. J. D. Clardy.

"Value of Agricultural Education and How it May be Obtained"—Chas. McIntire.

AFTERNOON SESSION.

"Profits in Wheat Culture"—L. G. Spencer, E. D. Jones, J. R. Candie and R. F. Rives.

"Feeding Farm Animals"—Chas. McIntire, S. F. Halloway and J. M. Adams.

"Winter Eggs for the Farmer's Table and Market Basket"—S. E. Strode, Mrs. T. G. Gaines.
Short talks by Grange Members, Mr. R. C. Gary is President and Miss Edna Adams, Secretary of the Institute work of the Church Hill Grange.

Everybody is invited to attend the various sessions.

Sale Thursday.

Next Thursday, Oct. 17, Mr. N. A. Gray will have a sale at his farm, 6 miles south of Hopkinsville, on the Palmyra pike, with a view to moving West. An advertisement setting forth the property to be sold is in to-day's paper. Dr. Jno. E. Gray will be the auctioneer. The terms will be a credit of four months.

CONVENTION

Closes After Three Days' Session.

The semi-annual convention of Kentucky Universalists, which had been in session at Crofton since Friday, closed Sunday night. The audience at each session was good and on Sunday the crowd was very large.

Pyle-Alexander.

Allie A. Pyle and Miss Maggie L. Alexander, young people of near Empire, were married at the home of the bride Sunday night by the Rev. P. F. Gladden.

A. E. WILLSON TRUST LAWYER

For the American Tobacco
Company, Says Morgan
Chinn in Speech.

FACTS ABOUT GUS

Willson's Name on Trust
Case in the Court of
Appeals.

Frankfort, Ky., Oct. 14.—In a speech at a Democratic rally in the county here Saturday, J. Morgan Chinn, clerk of the Court of Appeals, proved by the records of the office that in the only case where the American Tobacco company had ever been involved in the Court of Appeals, Augustus E. Willson, the Republican candidate for Governor, appeared as its attorney.

This statement created a sensation among the tobacco growers of this district who immediately declared themselves almost solidly for Judge Hager.

CARBOLIC ACID

Taken by Mistake for Castor
Oil.

The wife of Mr. John Clark, a well-known farmer of near Crofton, swallowed a quantity of carbolie acid Sunday morning, thinking it was castor oil, and it is feared that the dose will result fatally. As soon as Mrs. Clark took the acid she discovered her mistake and physicians were immediately summoned. Her throat and stomach were badly burned and despite the efforts of the doctors to relieve her sufferings, she was still in a very serious condition yesterday.

PAY DAY

But Draft Failed to Arrive
On Time.

Saturday last was pay day for the teachers of the county schools, but the draft for the salaries failed to reach the county superintendent. As soon as it arrives the checks will be sent out by mail.

MONEY BACK!

CIRCUIT COURT LACKS INTEREST

Civil Matters Will Still Be
Paramount This
Week.

NO IMPORTANT CASES.

Grand Jury Adjourns After
Sitting Eighteen
Days.

The docket in circuit court this week will still be devoid of general interest. Only civil matters will receive attention, and no cases of importance are to be tried.

The grand jury adjourned Saturday after sitting 18 days, at an expense in salaries of \$432. It proved to be a working body and returned more than 100 indictments. The last batch of 29 included 5 for gaming, 5 for selling liquor without a license, 3 for keeping bawdy houses and one each for suffering gaming robbery, gaming, selling soft drinks without a license, grand larceny, obtaining money under false pretenses and bribery. The last was against J. W. Head, the colored lawyer, growing out of the recent school trustees' election. No "night rider" indictments were returned, though there was some strong circumstantial evidence heard in some cases. The grand jury evidently shared in the general opinion that the "night riding" troubles are over and were reluctant to reopen them.

STAVE COMPANY

Purchases Year's Supply of
Timber.

The Kentucky Stave Co. has recently purchased a large quantity of timber in this and Todd counties. Mr. O. B. Deason, manager of the local mill, says that he has already secured enough timber in Christian to run the Hopkinsville plant for a year and that a sufficiency has been bought in Todd to operate the plant in that county for the same length of time.

TOMB OF NAPOLEON

Subject of Dr. Jenkins' Fif-
teenth Sermon.

Rev. M. A. Jenkins preached the 15th sermon of the travel series, at the Baptist church, Sunday night to an audience of between 400 and 500 people. His subject was, "Reflections at the Tomb of Napoleon," a magnificent mausoleum 344 feet high, in Paris. The sermon was listened to with absorbing interest. There are four more of these sermons, but they will not be resumed until the first Sunday in December, as the Bible conference will interrupt them for two Sundays.

QUEEN OF THE SEAS

Reaches New York With All

The Ocean Records

Smashed.

New York, Oct. 11.—The Cunard or Lusitania, with practically all transatlantic records to her credit, arrived at Sandy Hook Lightship at 1:25. The time for the distance from Daunt's Rock to the Sandy Hook Lightship, the official course over which the speed trials were made was four days, 19 hours and 52 minutes. The first day's run was apparently the fastest of the trip, the giant liner hitting up her speed to 25 knots an hour over a smooth sea with little wind to interfere with her. The Lusitania lost her time for her maiden trip by approximately five hours, her time on the first trip being five days, 54 minutes.

Money.
Have through the hours for money;
Strive to the very end;
Schemes for the golden scepter—
Money! And more! And MORE!

Never a thought for sadness,
Never a tear for loss;
Only the miser's shuffling,
Watching his treasure grow!

Stealing the soul and senses,
Robbing the heart of joy,
Detaching the brain and muscle,
Hoarding the base alloy!

Money! Ah, money always!
Is it by gold or lead,
Robbing it or dig it or fish it—
God! We are money mad!

Repelling Venders.

Mrs. R— gives little concern to the shortage of domestic help. She takes care of her own home and does it well. As a rule, she does not receive callers except in the late afternoon or evening. During her work she frequently is annoyed by venders who call her to the door, seeking to sell their wares. Beggars, peddlers and their like, having caused her many unnecessary steps, are now rebuffed. When she sees them through the glass in the door, she merely shakes her head and goes away, leaving them to grumble and wear according to their inclination.

Not very many mornings ago, a sharp ring at the door came just as she was making Dutch cheese. She had a large gingham apron over her dress and her sleeves were rolled well to her elbows. Her hands were in the cheese and, besides, she didn't want to buy any shoes, anyhow!

Through the glass she could see a tall man standing at the door. He appeared like a book agent or a gold-bro salesman and Mrs. R— didn't propose to listen to his story or be bothered by his entreaties.

Going into the hall where he could see her, she merely shook her head. The man bowed, smiled and flustered. "No, I don't want anything," shouted Mrs. R—.

Still the man stood there and motioned.

"I tell you I don't want anything," insisted the good woman. "Now go away," and she retired to the kitchen to finish her cheese.

That night when her husband came home, he took the new minister's card from the door.

Now Mrs. R— goes to another church in the neighborhood.

Tag.

Had any off the cob yet?
When a man eats too much duck,
He should take a dose of quack medicine.

When I see how much some men think they know it makes me disgusted with myself for not knowing how to make a million dollars a week. Sometimes the apple of a man's eye turns out to be a seedling.

If it is true that a seedling can tell what manner of man a fellow is from what he eats, that accounts for no one being able to understand a woman. When you ask a man how he is getting along and he says he can't complain, do not understand him to mean that he doesn't. Ask his wife.

No man ever got the sympathy from receiving too much gratitude.

There may be plenty of room at the top, but what I want to know is whether or no there is plenty of room for lemmings and fans at the top!

Since my wife saw a steer looking at her with reproachful eyes from a cattle car en route to market, she won't eat meat. I'm practicing the store, myself. Once I got it down pat, Uncle By will have sympathy to throw at the birds.

Some men marry on \$100 and, in after years, wonder how they dared take such chances on so small an amount. Others, in looking back, wonder where they got so much money all at once.

It is usually the bald-headed duffer who makes the most fun of a girl's red hair.

It doesn't make any difference how beautiful you are, if you are not good. Kindness, gentleness, goodness are absolutely necessary if you would have people love you. Beauty is merely a secondary consideration. Only the frivolous and the shallow, whose regard does not extend, love the beautiful irrespective of character.

When a girl yells in shrill screaming tones from the shadow of the trees where she is hidden, you never can tell whether she is trying to murder her or a catfisher has fallen down her neck.

They make very natural dolls these days—dolls that open their eyes, cry when squeezed, walk when manipulated, etc, but they have failed utterly to make a doll that gets its fond parent up at 3 a. m. to tread the tacky way until daylight and yells independent of whether you squeeze it or not!

A Kansas farmer has hit upon a great scheme. He owns an automobile and so far as he is able he pours the stuff into a speedway tank fastened to the rear. When the tank is done, he gets in and drives around the speedway until the stuff has been churned to butter. Then he combines butter and plowage and makes money at the same time.

A heart that is a diamond straight up and down is not in love.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice today that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by R. C. Hardwick, druggist, 50c.

Grand Master Bridges

D. M. Bridges, of Carrollton, was elected grand master of the Kentucky Odd Fellows.

EASILY DECIDED

This Question Should Be Answered Easily By Hopkinsville People.

Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers made in far-away places? Read the following:

Mrs. W. C. Owen, 212 E. Fourteenth street, Hopkinsville, Ky., says: "I do not hesitate to recommend Don's Kidney Pills as being an excellent remedy for kidney complaint. I speak for them in behalf of my husband who was cured of a severe backache some two years ago when we were living at Curdsville, Ky. He had complained a good deal and some days it was all he could do to drag himself about. Stopping or lifting hurt him intensely. Finally Don's Kidney Pills were highly recommended to him and he procured them. They soon helped him and by the time he had taken the contents of two boxes he was completely cured. I have never heard him complain of even feeling a symptom of a recurrence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Don's—and take no other.

Pains at the waist, back, front, or side, are nearly sure proof of female trouble. Some other signs are headache, pressing down pains, irregular functions, restlessness, cold limbs, nervousness, etc. These pains may be allayed, the system braced and the womanly functions regulated by the use of

Wine of Cardui

Mrs. Annie Hamilton, of Stetsonville, Wis., writes: "Cardui saved me from the grave after three (3) doctors had failed to help me. It is a good medicine and I recommend it to all suffering women." For sale at all druggists, in \$1 bottles.

WRITE US A LETTER

Write today for a free copy of valuable 64-page illustrated Book for Women. If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain sealed envelope. Address: Ladies Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn. 3-17

RIVERS THAT HIDE

GOME TRUNTS STREAMS OF THE FAR WEST.

Many Run for Miles Underground and Resurface Above Non-Porous Soil—Peculiar Course of Oregon River.

The "lost rivers" of the far west as a rule head in mountainous areas and trickle downward into bowl-like valleys, where they inconspicuously vanish. Some of them reappear miles from the vanishing point, while others are lost forever.

The floors of the valleys into which they flow generally are comparatively level and are built up of loose sands and gravels washed down from the rocky and forest-clad slopes, which absorb the water and through which it percolates slowly beneath the surface.

When the slow-moving underground current encounters an obstruction, as it often does, in the shape of a natural dike or the rocky rim of the lower end of the valley, the water is forced to the surface and the stream is born again.

Thus the Santa Ana river in California sinks in the wash above Redlands, rises to the surface above Bunker Hill dike, sinks below it, rises from Riverside to Bedrock canyon, below El Rincon, sinks in the wash above Santa Ana and finally partly rises again in the large peat land springs above Talbert.

The San Gabriel and the Los Angeles rivers exhibit the same characteristics, but disappear and reappear less often in their much shorter course to the sea.

At some points these sunken rivers flow for long distances under a wide expanse of impervious material where the water is under considerable pressure. When wells are driven through this stratum an artesian flow results.

Another peculiar stream is the Deschutes, which drains a large area in central Oregon. It is known to hydrographers all over the world for the extraordinary regularity of its flow throughout the year. This is accounted for by the porous lava formation which constitutes a portion of the drainage area. When the streams encounter this sheet of lava they are taken up by the sponge-like material and disappear from sight, passing beneath and through the lava and finally emerging through dark caverns and deep canyons into the main stream.

This wonderful lava bed is nature's regulator. It swallows up the floods that come down the steep slopes. It absorbs the rains and snows and then releases them slowly through a filter miles in length into the Deschutes. Day after day, year after year, its flow is uniform and its waters sparkling and clear. For this reason, probably, it is the finest trout stream in America.

New Mexico also has a trunk stream—the Rio Miembres. It drains many miles of mountain country in the southern part of the territory, and for a time is a stream of importance. Then, as if tired of existence, it flows out upon the plains near Deming and is lost forever, swallowed up in the loose sand and gravel.

The Pecos, too, is a trunk at times and seeks subsidence beneath the surface, coming up miles below in artesian springs of great volume.

PRESIDENT'S GUIDE

Declared Insane and Sent to Asylum.

Odensburg, N. Y., Oct. 12.—Michael Corbin, one of the president's Adirondack guides, has been adjudged insane and sent to the state hospital. It was Corbin who drove with Vice President Roosevelt sixteen miles through the lower Adirondacks to the nearest railroad station in 1901, when a courier brought him the news of McKinley's assassination. They made the sixteen miles in one hour and forty-three minutes.

MUNICIPALITY.

By JOHN KENDRICK BANGS.

The London county council has tried in vain to sell or lease the municipal owned Thames steamboats. Now, if our old friend Sir Thomas Lipton will only buy one of them and bring it over here as a challenger for the America's cup, will he not kill two birds with one stone, earning the everlasting gratitude of the London taxpayers and winning a dukedom by restoring the coveted trophy to the mistress of the seas?

A distinguished traveler has noted that every great city has a special aroma of its own. This was the one best bet in New York a short while ago when the drivers of the city garbage wagons went on strike, leaving the city with a flavor so high that it made the Flatiron building look like an artesian well by contrast.

The city of Wheeling, W. Va., uses natural gas for fuel in its retorts. So do most writers on the subject of municipal lighting plants when anbody says that their product is no light matter.

When your alderman buttonholes you at a busy moment and tries to talk to you about the desirability of municipal ownership of electric lighting plants, ask him quietly what under the proposed system the output in kilowatts per \$1 in wages will be. If he asks you why you wish to know, tell him that as an owner of horsepower you are interested in ergs. In nine cases out of ten he will suddenly remember a previous engagement and vanish.

When the city of Boston went into the ice business some years ago she arrested 100 taxicabs at a cost of \$100 per ton. This didn't include the value of the water either. Is it any wonder with these figures in mind that the hot Scotch is a more popular beverage at the Hub than the asphalt fudge and that the Athens of America has given the ice cry to public ownership schemes?

We do not like to differ with a distinguished statesman, especially when he is an authority concerning that of which he speaks, but we demur to Hon. Timothy D. Sullivan's prophecy when he says, "Give us municipal ownership in New York and Gabriel will bid Tammany selling the city when he blows the wackup horn." We have an abiding faith that in such an emergency the people will wake up long before Gabriel begins to hunk.

We do not credit the rumor that the municipal ownership advocates of Marion, Ind., have tried to exclude the exclusion of Rudyard Kipling's novel "The Light That Failed" from the public library on the score of offensive partnership.

DEAN BOVEY AGAIN IT.

The Eminent Canadian Opposes the M. O. Gas Scheme in Montreal.
While in Washington recently Dr. Henry F. Bovey, dean of McGill University, Montreal, said in the course of a discussion of the proposed operation of the Montreal gas works by the municipality:

"I am of course opposed to any such proposition. Any one who understands the engineering aspects of such a plan can readily see that to turn water which is under the control of the city's officials are paying for the gas and water which they draw from the municipally owned plants. His demand was turned down."—Warren (O.) Chronicle.

Niles, O., has been advertised as an example of successful municipal ownership by a small city. Its plants were installed in 1894 at a cost of \$50,000, bonds for all of which are still outstanding. Meanwhile the tax rate has risen to \$3.56, the highest in that county.

Taxpayer Turned Down.
Calvin Stein of Niles appeared there before the board of public service on Tuesday night and demanded an examination of the city's books to learn whether the city's officials are paying for the gas and water which they draw from the municipally owned plants. His demand was turned down."—Warren (O.) Chronicle.

Niles, O., has been advertised as an example of successful municipal ownership by a small city. Its plants were installed in 1894 at a cost of \$50,000, bonds for all of which are still outstanding. Meanwhile the tax rate has risen to \$3.56, the highest in that county.

Offices Are Still Spolia.
Imagine a business man selecting a capable head of a department because of his politics or religion. The idea is almost a relic of barbarism. The merit system—why, every business house in Cincinnati is using this very system, and yet public office under the spoils plan is regarded as a sinecure to be doled out for effective party service."—Charles C. Kirkpatrick in Officers' Bulletin.

Good road spoils, graft in big and little things and incompetency seem to be inseparable from municipal ownership. This is true to some extent under the best managed city administrations, while the ordinary ones and those which are conspicuously bad load the taxpayers down with heavy burdens of unnecessary expenses.—Rochester (N. Y.) Democrat and Chronicle.

BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only falsity, who, without making an effort to inform themselves, blantly cry offense against honesty and truth—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedy is a slur against the intelligence of thousands of clear-thinking Americans who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense. It is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases peculiar to women.

Truth and Influence.
A name for honesty and square dealing is better than great riches. Truth is a bubble that soon bursts. Dr. R. V. Pierce has always been known to speak the truth—his famous remedies are founded on the rock of public approval and have thousands of grateful testimonials as to their ability to cure diseases for which they are recommended.

True Speaking.
No man ever lost a prospective customer by telling the truth. Dr. R. V. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

Valuable Trade Secrets.
The ingredients of Dr. Pierce's Favorite Prescription are given to the public. He vindicates his excellence and harmless character of his "Prescription" by letting all who know just what they are taking when they use this reliable tonic and nerve for the diseases and illnesses peculiar to women. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root, Lady's Slipper root, with chemically pure glycerine of proper strength for

extracting and preserving the active medicinal principles residing in the above native roots.

No Alcohol Used.
Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" or his "Golden Medical Discovery," the well-known alkaline tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. For forty years he has discovered that chemically pure glycerine is a far better solvent of our native medicinal plants than alcohol, and a proper and sustained treatment in alcohol; and, furthermore, he found that a glycerine extract held much better than an alcoholic one, and that the not distant future, largely relying on alcohol, must be generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient, and entirely free from the serious objection of making imbeciles when used in lingering chronic cases, who a necessary protracted use of medicine is necessary no matter how good or well adapted to the case it may be in order to obtain permanent results.

Dr. Pierce's
When the "Favorite Prescription" is not quite as effective enough, as in obstinate constipation, the little pleasant sugar-coated Pellets should be taken to add the "Prescription." One or two for a laxative, two to four for a cathartic. They also have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. They act on the liver and regulate the bowels. Put up in glass and metal, therefore, always fresh and reliable.
Pleasant Pellets.

WILLSON'S SPEECH

The Hon. Augustus E. Willson spoke here Saturday at the Tabernacle in the interest of his candidacy for governor. His crowd was large, but dwindled as the speaker consumed time. He spoke for about two hours. Many charges were made against the Democratic administration, but some of them were so utterly lacking in truth that all were discredited. Mr. Willson is a plausible talker, but he is more of a political speller than a statesman with ideas of his own. He showed an entire ignorance about public affairs at times. For instance in attack on the administration of the Western Asylum he declared that he would put the asylum under the control of boards made up of the best people he could find in Christian county, evidently ignorant of the fact that the eleemosynary institutions are no longer managed by local boards but by a state board. He declared that his position on the liquor question was well understood, but did not tell what it was, except that he was for the Republican platform. He repeated his insinuation that Mr. Bryan was paid to make speeches against him, though he admitted that he did not know it to be a fact.

The one distinctive, predominating feature of his speech was the appeal to Democrats to bolt their ticket and vote for him. Over and over again he urged Democrats to vote for the Republican ticket, virtually advocating the wiping out of party lines. His line of reasoning followed to a logical conclusion would absolve any Republican who is dissatisfied with his ticket from any obligation to support his party nominees. It virtually places Mr. Willson in the attitude of being an independent in politics in order to get votes. He fails to take into account that the dependent vote in the Democratic party, to which he would appeal, is growing smaller every year. Most of the leaders of this element, such men as Judge W. H. Yost, Capt. W.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, send for circulars free.
F. J. CHENEY & Co., Toledo, O.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

Catarrh

Is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsaparilla. 100 doses \$1.00. Neat and other local forms of catarrh are relieved by Catarrhics, which allay inflammation and deodorize discharge. 50c.

J. Stone and others are on the stump for the Democratic ticket and Mr. Willson is on a coal trail hunting for bolting Democrats this year.

Mr. Willson, even weakened himself with the negroes by declaring that he was a white man and opposed to negro rule.

The Republican leader did not fulfill expectations. He is a better speaker than the last candidate for Governor, Mr. Belknap, but he lacks other elements of strength and will not prove to be much stronger as a candidate. Belnap was defeated by 27,000. Willson may hold the Republican majority down to 20,000, by reason of local troubles in some Democratic cities, and districts. Belnap carried Christian; by 1064, several hundred better than Willson will do.

Three negro men were lynched at Tunica, Miss., for a series of burglaries. Two were hanged to a telegraph pole and the other shot to death.

Carrie Nation has gone on the stage as a side attraction in a company playing "Ten Nights in a Barroom." She will be paid \$200 a week.

Mayor Bingham seems to be losing all his friends in Louisville. Even the preachers are down on him now because of his refusal to close Sunday Theatres.

The Emperor of Austria, Francis Joseph, continues to grow worse and is evidently nearing the end of his reign. His heir is the Archduke Francis Ferdinand.

The Postoffice department has ruled that a young woman rural carrier who changed her name by marrying would have to forfeit her position as a carrier.

Miss Annie Ford, of Horse Cave, one of the winners of the Courier-Journal's European contest last year, was married Thursday to Mr. Courtland Terry, of Columbia, S. C.

Hon. Chas. C. McChord, of the State Railroad Commission, has been elected President of the National Association of Railroad Commissioners, in session at Washington, D. C.

Colored voters have held a meeting in Louisville and there was a general consensus of opinion, as expressed in the speeches made, that it is abhorrent to sell registration certificates.

The temperance Democrats at Bowling Green, defeated in the primary, have entered into a fusion arrangement with the Republicans and are bolting the regular Democratic ticket.

Judge B. F. Peale, of Shelbyville, has resigned as circuit judge and will resume private practice. He will remove to Louisville. Charles Marshall, of Shelbyville, has been appointed to the vacancy.

Miss Helen O'Rear, who is a student in Shelbyville, fell over an obstruction and broke her arm on the street and her father, Judge E. C. O'Rear, has sued the city of Shelbyville and the Shelbyville Water and Light Co. for \$2,000 damages.

Another bothersome question which will confront the President upon his return to Washington is one raised by the midshipmen just out of the Naval Academy. Several of the middies want to marry and their salaries barely support them.

In affirming the judgment of the Franklin court in the case of H. V. McChesney vs. S. W. Hager, auditor, the court of appeals holds that the secretary of State is entitled only to his salary of \$3,000 per annum, and not to an additional \$1,000 for collecting of corporation and other fees.

In his speech at Dixon Saturday Judge Hager entered an emphatic denial to Willson's charge of carelessness in the Semonin shortage at

Louisville. That not a penny was lost to the State or could have been lost to the State by reason of Mr. Semonin's transactions, was shown by Judge Hager. He took up the question and went into it thoroughly, as he has done before, showing that Mr. Semonin was bonded in a company worth millions and the State was absolutely protected. He denied that any checks had been held up and said that every month's report had come in promptly, and the money had all been paid, not one cent now being owed by Mr. Semonin, who had settled in full when he was told the amount he owed.

TOBACCO PRIZES

To Be Awarded By Planters Protective Association.

Guthrie, Ky., Oct. 12.—One of the features of the September fair was to have been the awarding of cash prizes, which had been offered by the Planters' Protective Association, for the best samples of tobacco of the crop not having been cut at that time. This feature had to be postponed. This will take place at the coming meeting and prizes will be awarded as follows:

	1st.	2d.	3d.
Best Australian.....	\$25	\$15	\$10
Best Italian.....	25	15	10
Best spinners.....	25	15	10
Best plug wrapper.....	25	15	10
Best stemming/leaf.....	12	8	5

Each sample must contain five pounds of tobacco and must be grown and entered by a member of the Planters' Protective Association. The judges in this contest will be J. T. Edwards and E. R. Tandy, of Clarksville; W. E. Frazier and J. M. Coats, of Springfield, Tenn., and R. E. Cooper, of Hopkinsville.

ORDINANCE NO. 74

Be it ordained by the Board of Council of the city of Hopkinsville, Kentucky:

That every person, firm or corporation owning lots or lands situated on the north side of East Ninth street, in the city of Hopkinsville, Kentucky, and abutting on the north side of the said East Ninth street, between the east corner of the Cumberland Telephone and Telegraph Company's home office lot, to the west corner of the Overlander line, be and they are hereby ordered to put down a concrete pavement in front of their respective lots or lands.

That said work shall be done within thirty days, and shall be done under the supervision of the City Engineer and shall be of the grade and standard of work as in such cases provided by ordinance. All of said work shall be done at the expense of the owners of said abutting lots or lands.

This ordinance shall take effect and be in force from and after its adoption, approval and publication.

Adopted Oct. 7th, 1907.

H. W. TIBBES,
Clerk Board of Council.
Approved Oct. 14th, 1907.
CHAS. M. MEACHAM,
Mayor.

S. K. C. Loses.

The S. K. C. boys encountered a Strong team at Lebanon, Tenn., and the Castle Heights beat them by 32 to 0, in the game of football played Saturday.

"Kennedy Players."

This popular company, supporting the comedian, John J. Kennedy, and Miss Winnifred Greenwood, will hold the boards at Holland's Opera House, all next week, commencing Monday night, Oct. 21.

About 400 barrels new corn, 25 tons good clover hay, household and kitchen furniture.

Terms of sale: 4 months without interest if paid at maturity, and if not 6 per cent from date of sale.

DR. JOHN E. GRAY, Auctioneer,

N. A. GRAY.

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, apoplexy are often the result of kidney disease. If kidney trouble is allowed to develop, the kidneys become weak, the blood will attack the vital organs of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new remedy and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CITY OFFICIALS SCRAP

Chief of Police and Tax Collector of London Shoot Each Other.

London, Ky., Oct. 13.—An altercation took place between Chief of Police E. W. Moren and City Tax Collector Robert Root at Bert Edwards' restaurant late last night, which resulted in a pistol duel, in which both men were painfully, but not necessarily fatally, wounded. Root is shot through the right thigh and left knee, and Moren is shot through the right thigh. Both are doing very well today. Trouble came up over a joke.

WEDDED IN MIDSTREAM

Bullet From Ambush Pierces Bridegroom's Arm.

Denison, Texas, Oct. 12.—An elopement and marriage on horseback in the middle of the Red river, directly followed by a gunshot from ambush which wounded the bridegroom was the experience of Joseph Anse, a Texas ranger, and Miss Annie Bunt, a Choctaw Indian girl. The bullet shattered Anse's left arm.

Anse had courted the Indian maiden for six months. Clandestine meetings followed the objection of her father to Anse. He did not want her to marry outside of her own race.

Anse and the girl fled on horseback in the moonlight. A minister, waiting at the juncture of the Red and Kimitia rivers, performed the ceremony in midstream. The party wheeled their horses to continue on their way, when a rifle shot rang out and a bullet buzzed by the minister's face and pierced Anse's arm. The rifle was fired from the woods on the river bank.

Quick as a flash the ranger whipped his revolver from his holster and fired into the woods near the spot where the flash was seen. Fearful lest the would-be assassin might be one of her tribesmen, the bride gazed at her husband's sleeve until he consented to flee from the spot on the gallop.

The bride party galloped into the nearest village, where Anse received surgical attention.

The Texas Wonder.

Cures All Kidney, Bladder and Rheumatism troubles; sold by all druggists, or two months' treatment by mail for \$1. Dr. E. W. Hall, 2926 Olive street, St. Louis Mo. Send for Kentucky testimonials.

One Hundred Dollars Reward

On or about the fourth of December, 1906, I had (6) fat goats stolen from my hog pen. I will give one hundred (\$100.00) dollars reward for the apprehension and conviction of the person or persons who committed this robbery.

J. D. CLARDY.

TO THE FRIENDS OF EDUCATION IN THE STATE OF KENTUCKY.

The coming election is fraught with unusual interest and importance to the friends of education in Kentucky, especially those who are engaged from day to day in the public schools, in the noblest work of human minds have been entrusted with. Not at any time in the history of the State of Kentucky has there been such a wide-spread sentiment among the people in favor of education, and keeping the schools of Kentucky abreast with the best thought of the best states of the union. Never has a political party in any state given such prompt and satisfactory response to that sentiment as has the Democratic party of the state of Kentucky. Through the passage of several laws looking to the advancement of the cause of education and to the elevation of that great profession, teaching, the Democratic party demonstrates its belief that the future growth and development of this great commonwealth depends largely upon the education and training of the youth in the public schools. As Judge Hager, the Democratic candidate for governor said in the opening speech of his campaign, "Hand in hand with the development of our state must go the education of our sons and daughters. There is no single set of men and women united in a single purpose who can do or render to the state greater or better service than do the self-sacrificing teachers of our common schools.

While the true teacher will not allow politics to invade his school room, any enter in any degree whatever in his school work, outside the school room he should make his convictions felt, especially in matters pertaining to education and economics, and to the policy being pursued by the officials and lawmakers of his state. He should not hesitate to make his position clear for he or she is a leader of thought in the community. The teacher owes it to that community to be conversant with all that is going on in a public way, and to bring some salient facts home to all is the purpose of this article.

Party Records Compared.

During the four years of Republican administration from 1896 to 1900, the per capita for common schools averaged only \$2.25. That administration left a deficit in the school fund of \$147,132.69, and an outstanding debt in addition of \$130,820.25. The Republican state superintendent deserted his office without making his annual report. During the past four years under Democratic administration, the per capita has averaged \$3.223 and for the present year it is 3.40, the largest in the history of the commonwealth; and the records show that the Democratic party has spent \$781,087.15 more for education than the Republicans did, and it has done it, too, despite the fact that when it took up the reins of government in 1900, it found a deficit in the public treasury of \$1,609,657.36 which it inherited from the Republican administration, but it has in addition appropriated for the eleemosynary institutions of the state and for other laudable purposes \$2,514,162.06 more than the Republicans did, and on next January, after paying all outstanding obligations, there will remain in the public treasury the sum of \$1,250,000.00; and all this has been done on tax-rate 2½ less than the Republicans had.

State Normal Schools.

For several years past the educators of the State have sought to establish a system of State Normal Schools, but until the meeting of the Legislature of 1906 did not present their request for such legislation in a manner that could be intelligently acted upon. At the session of the General Assembly, which was Democratic, two State Normal Schools were established with an annual appropriation of \$20,000.00 each annually for maintenance and \$5,000.00 each for equipment. The present Democratic nominee for Superintendent of Public Instruction, M. O. Winfrey was an earnest advocate of the State Normal School bill, and its passage was strongly urged by every member of the Democratic Administration from the Governor down. All those teachers who desire to become professionals in their work and reap the richest harvest financial

necessarily interested most in the election of that political party which has shown by its past record that it favors legislation which will build up our educational institutions, and which will promote the best interests of the teaching profession.

Barnes-Anderson.

Announcement is made of the approaching marriage of Mr. Lucian Barnes and Miss Mayme Lou Anderson. The wedding will occur Oct. 23, at the Cumberland Presbyterian church.

Mr. Barnes is a son of former sheriff J. J. Barnes and is a book-keeper with the Forbes Mfg. Co.

Miss Anderson is the youngest daughter of Judge A. H. Anderson and is quite pretty and popular.

YOUNG STRANGER.

Dying With Sweetheart By His Bedside.

Mr. Geo. C. Robey, the young man who came here from Streator, Ill., a month ago, to take charge of the jewelry department of the Forbes Mfg. Co., lying in a phoid fever, which he developed three days after his arrival. His mother and stepfather and also his fiancée, Miss Gehring arrived some time ago and have been with him constantly. He and Miss Gehring were to have married Nov. 28. Mr. Robey was hopelessly ill, last evening and not expected to survive the night.

For Rent.

New cottage on East Ninth street. J. F. ELLIS.

Gun Loaded 40 Years.

Diamond Miller, the little son of J. H. Miller of Masan, Ky., while hunting in State Rifle hill, near that place, found a gun which is thought was lost there during the civil war. It is a double-barrel shotgun, and both barrels were loaded, each with nine bullets of seven buckshot. The gun is a muzzle loader and bits of newspaper were used for padding. The paper is discolored by rust, but a few of the words are legible, and confirm the belief that the gun was loaded at some time during the war between the states. Some of the words are "Captain," "Company 19," "Sergeant," "Commander."

Still Chasm Between Nations. There is little love lost between the Chinese and the Japanese. The Chinese students who took their own lives in the Japanese, with whom they mix as little as they can. This Chinese mode of life is wholly repugnant to Japanese feeling. The Chinese students refuse to smoke Japanese cigarettes, which have the names stamped on the paper in Chinese characters, since they look upon it as a profanation to burn their sacred letters.

Pension Roll Decreasing.

Notwithstanding the passage of the service pension law last February, the pension roll is decreasing, according to a recent statement by the pension commissioner. It reached its maximum in January, 1905, with a few more than a million names on it. In the next 18 months it decreased 18,000; there were 16,000 fewer names on it in the following 11 months, and the net decrease for April was 2,977 or at the rate of about 35,000 a year. This is what one would expect 40 years after the close of the war.

Hair Ball in Stomach.

A remarkable hair ball from the stomach of a young girl has been brought to notice by Prof. von Drahms of Hohenheim. She had a habit of swallowing ends bitten from her long hair, forming in time a bulky accumulation, though felt only as a slight pressure, and when the mass was removed by an operation it was found to have shaped itself to the cavity, like a cast in a mold. Iron tonics had changed the color to black.

Gives Immense Water Power.

The highest fall of water ever used for power seems to be that of Lake Bruis, in Switzerland, where is located the most powerful electricity generating station in Europe. The water of the Posilavon, in the Fochia-vo valley, is led through a great conduit three miles long to the reservoir, from which five sets of enormous pipes conduct it to the power station at a level of 1,250 feet lower. Electric energy of 35,000 horsepower is distributed from the generators to points along the shores of Lake Como and Maggiore, and as far as the great plain of Milan.

Down-Trodden Husbands.

The middle-aged woman in England now generally affects to be superior to the social position she occupies; she endeavors to dress, live and act up to the highest standard she has adopted as her own. This attitude, and its attendant circumstances, eventually induce the ordinary middle-aged woman to regard her social position as inferior to herself. It is from this cause, he becomes little better than a footman to his own wife—Marmaduke, in Truth.

TWO SISTERS HAVE ECZEMA OF HEAD

Two Illinois Girls Suffer from Scalp Trouble—Another Sister Needs a Tonic—Friend Suggests Cuticura—They Use It and Now Give

MUCH PRAISE TO ALL CUTICURA REMEDIES

"I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment, as that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and they cured me. I am now as healthy as ever. I can't say exactly how long I suffered, but I think about six months. Miss Edith Hammer, R. F. D. No. 6, Morrisville, Ill., Oct. 3, 1906."

EVERY CHILD Afflicted With Torturing Disfiguring Humors

Becomes an object of the most tender solicitude, not only because of its sufferings, but because of the dreadful fear that the disfiguration is to be lifelong, and thus its future happiness, and even its life, is at stake. Hence it becomes the duty of the mother of such afflicted children to acquaint themselves with the most effective treatment available, with Cuticura Soap, and gentle anointing with Cuticura Ointment, the great Skin Cure. Cures made in infancy and childhood are usually speedy and permanent.

FORTY YOUNTEER

To Go to Foreign Lands and Bring Heathens into the Christian Fold.

Newport, Ky., Oct. 11.—The Woman's Foreign Missionary Society of the Central States adjourned at noon today after electing these officers: President, Mrs. A. J. Clark, Wheeling, W. Va., vice president, Mrs. J. R. Mills, Cleveland, O.; corresponding secretary, Mrs. R. L. Thomas, Cincinnati.

Miss Lucy Sullivan, located in India, gave a description of conditions in that country. She said girls are betrothed when infants of three years, and if one's prospective husband dies before marriage she is classed a widow and becomes an outcast. Just before adjournment forty young women offered their services for foreign missionary work.

"I suffered habitually from constipation. Doan's Regulents relieved and strengthened the Bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

Passion Play.

The beautiful Passion Play picture, the Life of Christ, at Star Theatre, commencing Monday, Oct. 28. Six days and nights.

Swallowed a Bug.

Almost instant death from swallowing a candle moth is the fate that befell ten-year-old Jesse Moore, son of George Moore, of Daviess county. The moth passed into the boy's wind pipe, and although a physician was in the house at the time, the efforts were so rapid and fatal that he could do nothing to save the child's life. The child was sleeping with his mouth open.

Books Open.

The books for subscription to stock
in the 52nd Series of the Hopkins-
ville Building and Loan Association
will be open October 1st, 1907. A
limited number of shares will be
sold. THOS. W. LONG, Treas.

In Great Demand.

The United States government
waived the Civil Service examination
in order to induce stenographers to
go to the Isthmus of Panama to do
stenographic work, at \$125 per
month. There has never been as
urgent and unceasing demands for
stenographers in all the history of
this country.

The Business University at Bowling
Green, Kentucky, trains as many
good stenographers as any other
business institution in America, and
yet, it is unable to supply even half
the calls made upon it for stenogra-
phers.

NASHVILLE DEMOCRATS

Lose Only One Man In City
Election.

Nashville, Tenn., Oct. 11.—The
democratic nominees with one ex-
ception, a candidate for councilman,
were elected to-day. Little inter-
est was manifested, the total vote
being 4,550. J. S. Brown, for May-
or, defeated J. J. Odell three to one,
and Geo. W. Stainback, for member
of the Board of Public Works, de-
feated John L. Kennedy about two
and a half to one.

The proposed bond issue to put
the city in the commercial lighting
business was defeated.

A \$200,000 bond issue to extend
water mains to the suburbs carried
and a bond issue to establish a per-
manent sidewalk fund is in doubt.

Feed Languid, weak, rundown?
Headache? Stomach "off"?—Just a
plain case of lazy liver. Burdock

Speaking of Investments.

The Hopkinsville Building and Loan
Association will take your monthly
savings and make them earn you 6
per cent. interest. Profits appar-
ently separate months. A limited
number of shares in the October se-
ries can be gotten now.

THOS. W. LONG, Treasurer.

WELLMAN'S STEAMER

Went Down Off Cape Lan-
genes, Iceland, October
5th

Copenhagen, Oct. 10.—The Arctic
steamer Frithjof, which accompan-
ied the Wellman Chicago, Record-
Herald expedition to Spitzbergen,
was lost off Cape Langenes, Iceland,
October 5. The Captain and fifteen
of her crew were drowned. The en-
gineer clung to a plank, on which he
drifted ashore.

The Frithjof was homeward bound
to Norway, having been damaged by
ice, and consequently unable to
withstand a storm which she en-
countered off Cape Lathenes.

The Royal Month and the
Royal Disease.

Sudden changes of weather are es-
pecially trying, and probably to none
more so than to the scrofulous and
consumptive. The progress of scrofu-
la during a normal October is com-
monly great. We never think of
scrofula—its bunches, cutaneous
eruptions, and wasting of the bodily
substance—without thinking of the
great good many sufferers from it
have derived from Hood's Sarsapa-
rilla, whose radical and permanent
cures of this one disease are enough
to make it the most famous medicine
in the world. There is probably not
a city or town where Hood's Sarsapa-
rilla has not proved its merit in
more homes than one, in arresting
and completely eradicating scrofula,
which is almost as serious and as
much to be feared as its near rela-
tive—consumption.

NEW USE FOR RADIUM.

French Doctors Remove Dis-
figuring Birth Marks
With It.

Paris, Oct. 10.—Two prominent
French physicians, Drs. Wickham
and Dugrain, have caused a sensa-
tion at the Academy of Medicine by
a report that they had succeeded in
many cases in removing the birth-
marks known as port wine stains
with radium. The new method has
moved equally successful in the cases
of adults and children. The marks
are effected by the application
of a plane surface covered with
varnish containing radium. The
action is regulated by the length
and frequency of the applications.

"Pneumonia's Deadly Work

had so seriously affected my right
lung," writes Mrs. Fannie Connor,
of Rural Route 1, Georgetown, Tenn.
"that I coughed continuously night
and day and the neighbors' predi-
ction—consumption—seemed inevit-
able, until my husband brought home
a bottle of Dr. King's New Discovery,
which in my case proved the
only REAL cure and restorer of
weak, sore lungs." When all
other remedies utterly fail, you may
still win in the battle against lung
and throat troubles with New Dis-
covery, the REAL cure. Guaranteed
by R. C. Hardwick, druggist,
50c and \$1.00. Trial bottle free.

The Atchinson, Topeka and Santa Fe Railroad, charged with rebating, was found guilty by a jury at Los Angeles, Cal., on all counts. The maximum fine for the offense is \$1,000,000 and the minimum fine is \$66,000.

George Melville Boynton, an explorer, announces that with a party of students and scientists he will penetrate the center of the South American continent and explore thoroughly a wide strip of country from ocean to ocean, where white men never have been. The party will start from New York next January.

Barnes Briefs.

The farmers are about through cutting tobacco. The first cutting is about cured. It is generally of a bright color.

The corn crop is very good this season. We had plenty of rain.

Mrs. Mollie Robinson, of Fruit Hill, has lost her fine brood mare. She had a colt about one week ago.

We have a new doctor at Fruit Hill by the name of Aaron Bright. He comes well recommended. His horse can be seen hitched very often at a certain residence on the road between Fruit Hill and Barnes. I haven't heard of any one being sick there. He is a single man.

The brethren of New Barren Springs Baptist church have organized a prayer meeting. They meet every Sunday night at 7:30.

There were several from this community attended the carnival at Hopkinsville last week. They were very well pleased with the program.

Mrs. Mollie Robinson, of Fruit Hill, has a fine young mare for sale. It is three years old and has been broken to work.

Mrs. J. T. Walker has been visiting her mother and other relatives in Illinois for the past month. She will be absent from home for several weeks yet.

Miss Mate Clark is dead at the early age of 27 years. She had consumption. She had been a sufferer with lung trouble since she was 16 years old. She is survived by a mother and three sisters—Mrs. Amos Robinson, Mrs. S. E. Yancy and also Capt. E. W. Clark, of Hopkinsville, and Willie and Hallie. Miss Clark made a profession of religion in early life and joined the New Barren Springs Baptist church. She had been a consistent member ever since. She was a leader in music and organist as long as she was able.

Dear one, may the charm of the sweet Christian graces

E'er prove a safe guide to our oft erring feet,
And point us to Christ and the bright loving faces
Of friends gone before us their Saviour to meet.

SENRAE.

NEW MAYOR

Will Begin a Thorough Investigation of Charges Of Graft.

Chattanooga, Tenn., Oct. 11.—Following the recent graft indictments it is stated here that Mayor-elect W. R. Crabtree will begin a systematic investigation of every department of the city government within the next few weeks. It is said that a commission of three business men will do the work. It will be appointed by the new mayor. Mayor Crabtree is now writing his first message to the city council which will be presented at the next regular meeting.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's ointment. Your druggist sells it.

DESTROYED BY FIRE.

Loss of \$10,000 Sustained Near Clarksville, Tenn.

Clarksville, Tenn., Oct. 11.—Fire last night destroyed the livery stable owned by James P. Gill and occupied by Ed. Lassiter. The building, fifty buggies and one horse were a total loss. The loss is estimated at \$10,000; insurance \$6,000.

Value of Insurance.

Fires originate in unexpected places and from unknown causes. Doubtless some one who reads this article will sustain the next loss. Are YOU insured and have you the best insurance your money can buy? The Giant Insurance Agency, (Incorporated), the leading fire insurance agency in the city, represents ten multimillionaire companies and settles their losses promptly and equitably and guarantees to sell their policies at as low rate as any company doing business. Office in First National Bank building. Both 'phones.

Meeting at Hebron.

The Rev. W. T. Miller began a meeting at Hebron church, near Church Hill, Sunday night. The meeting will probably last ten days or more.

DRINKING FOUNTAIN

Will be Erected In Paducah By Patriotic Ladies.

The Daughters of the American Revolution have set Monday, November 11, as "Public Drinking Fountain Day" and upon that occasion the city will be thoroughly canvassed by committees selected, and which bodies will receive subscriptions from the public to the fund out of which the handsome drinking fountain is to be erected upon the lawn of the postoffice building at Fifth and Broadway. At the meeting of the chapter the first Friday of next month, final arrangements will be made by the members for a complete tour of Paducah in interest of the project.

To the ladies of the chapter justly belong the honor and credit of being the first ones to take up actively and successfully the proposition of installing of the city fountains from which the public can quench thirst.—Register.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

High Quality.

The attraction at the Opera House Wednesday night, Oct. 16, will be Eugene Moore's dramatization of Mrs. E. D. E. N. Southworth's famous old story, "The Hidden Hand" and tells a story of the folks who live amid the mountains and valleys of probably the most homelike region of the United States—Old Virginia. It is said to be one of those natural plays that leaves a strong and favorable impression wherever it is presented. Take your sister to see "The Hidden Hand" and it will not cause a blush; take the children and they will be amused at its abundance of humor; take the old folks and they will enjoy a revival of old associates. It is a play for all and the company is said to be an exceptionally meritorious one.

DETROIT DEFEATED.

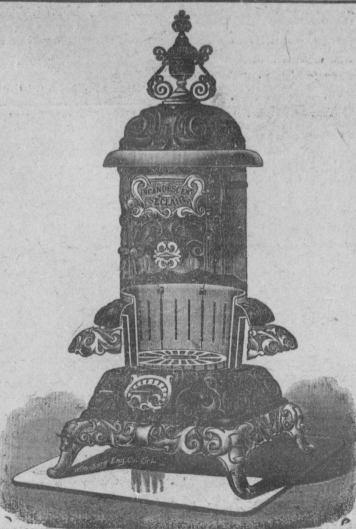

Chicago Cubs Win the World Championship Series.

Detroit, Oct. 12.—Chicago won the fourth game from Detroit in the world championship baseball contest by the score of 2 to 0. The whole state of Michigan is in mourning over the crushing defeat of the American league pennant winners. Five games were played, the first one a tie, and then four straight by the Chicago Nationals.
